

RS CITRIN

A nitrile glove with cotton lining provides resistance to fats, oils and water and high comfort during general assembly working and working when very high accuracy is required.

cotton comfort
sweat absorption,
and density of the
stitching

gloves' sizing
allows you to choose the
position on the wrist and
doesn't not affect blood
circulation in your hand

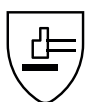

nitrile
resistance to fats,
oils and water

A soft ribbed wrist
keeps the glove in a proper
perfect size for your hand
